Installing LAStools FOR IMAGINE

Preparation for Installation

This document shows how to install and configure LAStoolsForIMAGINE, an ERDAS IMAGINE 2016 v16.1 extension that leverages the power of LAStools in the IMAGINE Ribbon and Spatial Modeler environment. with any advanced software, greater system resources result in greater performance.

Prerequisites

LAStools

LAStools must be installed on the system and you will need to let IMAGINE know the location of the installation.
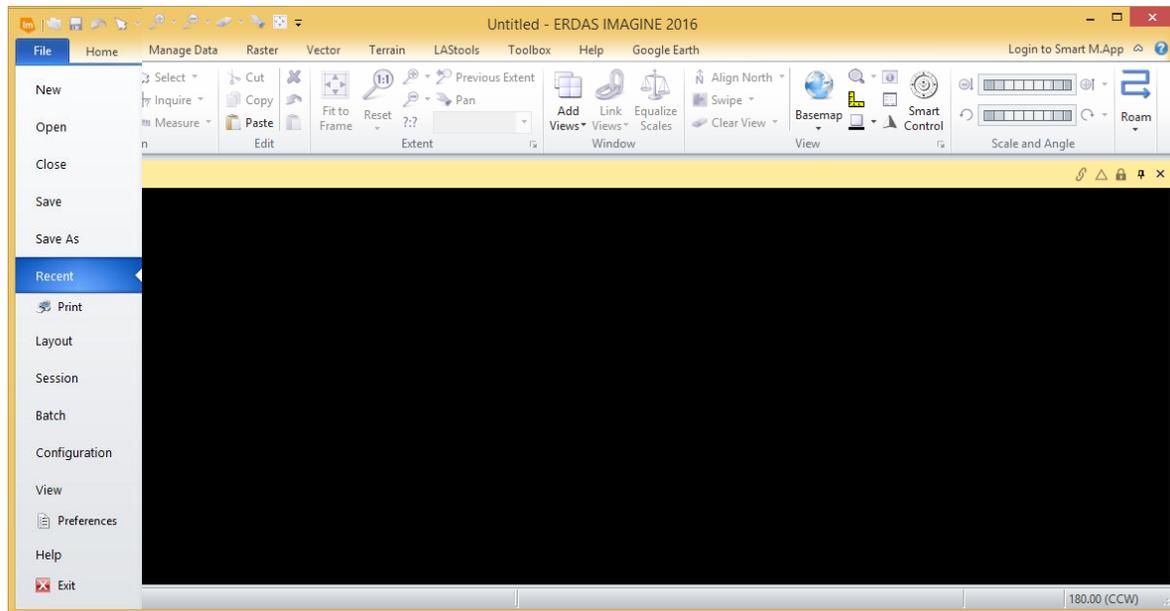

Installation

LAStoolsForIMAGINE is deployed as an ERDAS IMAGINE Extension. Installation and removal is controlled by a configuration file LAStoolsForIMAGINE_Extension.xml, located in the top-level folder in the LAStoolsForIMAGINE installation media.
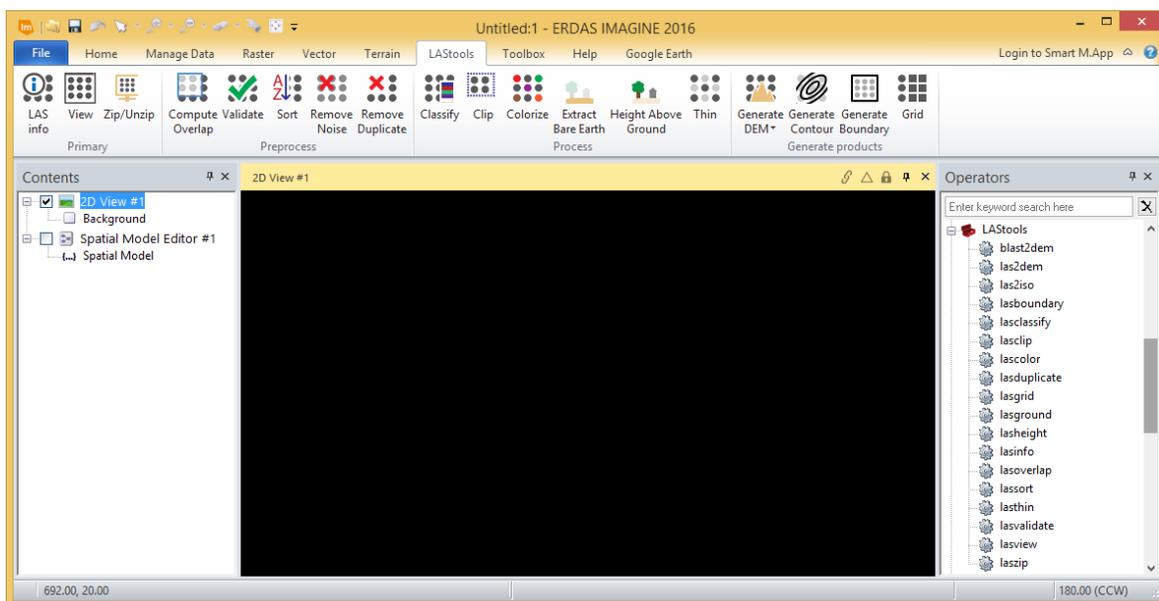

To install the extension:

1. Start IMAGINE 2016 v16.1.

2. Choose "File -> Configuration -> Configure Extension".

3. In the "Configure Extension" dialog choose the LAStoolsForIMAGINE_Extension.xml installationconfiguration file (this can be accomplished by navigating to it or entering the full path to it).

4. Click the "Install" button.

5. This causes installation to start. If UAC is enabled Windows will ask for permission to run "FileCopier.exe", allow it to run and it will install the files needed by the extension.

6. Exit the "Configure Extension" dialog.

7. Exit and then restart IMAGINE.

8. The extension should now be active (For LAStoolsForIMAGINE, there should be an extra IMAGINE ribbon button called "LAStools" and there will be a new Spatial Modeler category named "LAStools").

9. Before you can run LAStoolsForIMAGINE you need to let IMAGINE know where to find your LAStools installation.

10. Choose "File -> Preferences".

11. In the Preferences Dialog choose "Other -> LAStools".

12. Set the LAStools Installation Path to the location of your LAStools distribution.

You can now switch to the LAStools tab and start working with LAStools, or open a new Spatial Modeler editor and add LAStools operators to your models.

Uninstallation

You must have access to the LAStoolsForIMAGINE_Extension.xml installation configuration file to uninstall LAStoolsForIMAGINE.

1. Reset IMAGINE Preference so that it does not point to LAStools install directory

   - Choose "File -> Preferences".

   - In the Preferences Dialog choose "Other -> LAStools".

   - Press the reset button to reset the preference in LAStools category to its default value and save the change.

2. Exit and restart IMAGINE so that certain dynamic parts of the extension are not loaded into memory. (Note that ribbon tabs and buttons will still be visible at this time).

3. Choose "File -> Configuration -> Configure Extension".

4. In the "Configure Extension" dialog choose the LAStoolsForIMAGINE_Extension.xml installation configuration file (this can be accomplished by navigating to it or entering the full path to it).

5. Click the "Remove" button.

6. This causes the removal to occur and if UAC is enabled Windows will ask for permission to run "FileCopier.exe", allow it to run and it will remove the extensions files. Note that "FileCopier.exe" not only removes files, but it adds files if you are installing an extension.

7. Exit the "Configure Extension" dialog.

8. Exit and then restart IMAGINE.

9. The extension has now been removed and its components are no longer visible in IMAGINE. Product

Procedure For Making Claims Of Copyright Infringement

Notifications of claimed copyright infringement should be sent to Hexagon Geospatial by mail at the following address: Intergraph Corporation, Attn: Intergraph Legal Department, P.O. Box 240000, Huntsville, Alabama 35824.

US Government Restricted Right

Materials are provided with "RESTRICTED RIGHTS." Use, duplication, or disclosure of Materials by the U.S. Government is subject to restrictions as set forth in FAR 52.227-14 and DFARS 252.227-7013 et seq. or successor provisions thereto. Use of Materials by the Government constitutes acknowledgment of Hexagon Geospatial or Intergraph's proprietary rights therein.

International Use

You may not use or export Materials in violation of U.S. export laws and regulations. Hexagon Geospatial makes no representation that Materials are appropriate or available for use in every country, and access to them from territories where their content is illegal is prohibited.

Hexagon Geospatial provides access to Hexagon Geospatial international data and, therefore, may contain references or cross references to Hexagon Geospatial products, programs and services that are not announced in your country. These references do not imply that Hexagon Geospatial intends to announce such products, programs or services in your country.

The Materials are subject to U.S. export control and economic sanctions laws and regulations and you agree to comply strictly with all such laws and regulations. In addition, you represent and warrant that you are not a national of, or otherwise located within, a country subject to U.S. economic sanctions (including without limitation Iran, Syria, Sudan, Cuba, and North Korea) and that you are not otherwise prohibited from receiving or accessing the Materials under U.S. export control and economic sanctions laws and regulations. Hexagon Geospatial makes no representation that the Materials are appropriate or available for use in every country, and access to them from territories where their content is illegal is prohibited. All rights to use the Materials are granted on condition that such rights are forfeited if you fail to comply with the terms of this agreement.

Revisions

Hexagon Geospatial reserves the right to revise these Terms at any time. You are responsible for regularly reviewing these Terms. Your continued use of this Document after the effective date of such changes constitutes your acceptance of and agreement to such changes.

Applicable Law

This Document is created and controlled by Hexagon Geospatial in the State of Alabama. As such, the laws of the State of Alabama will govern these Terms, without giving effect to any principles of conflicts of law. You hereby irrevocably and unconditionally consent to submit to the exclusive jurisdiction of the United States District Court for the Northern District of Alabama, Northeastern Division, or the Circuit Court for Madison County, Alabama for any litigation arising out of or relating to use of this Document (and agree not to commence any litigation relating thereto except in such courts), waive any objection to the laying of venue of any such litigation in such Courts and agree not to plead or claim in any such Courts that such litigation brought therein has been brought in an inconvenient forum. Some jurisdictions do not allow the exclusions or limitations set forth in these Terms. Such exclusions or limitations shall apply in all jurisdictions to the maximum extent allowed by applicable law.

Questions

Contact us http://www.hexagongeospatial.com/about-us/contact-us with any questions regarding these Terms.

About Us

Hexagon Geospatial helps you make sense of the dynamically changing world. We enable you to envision, experience and communicate geographic information. Our technology provides you the form to design, develop and deliver solutions that solve complex, real-world challenges. Ultimately, this is realized through our creative software products and platforms.

CUSTOMERS. Globally, a wide variety of organizations rely on our products daily including local, state and national mapping agencies, transportation departments, defense organizations, engineering and utility companies, and businesses serving agriculture and natural resource needs. Our portfolio enables these organizations to holistically understand change and make clear, reliable decisions.

TECHNOLOGY. Our priority is to deliver products, platforms and solutions that make our customers successful. Hexagon Geospatial is focused on developing technology that displays and interprets information in a personalized, meaningful way. We enable you to transform location-based content into dynamic and useable business information that creatively conveys the answers you need.

PARTNERS. As an organization, we are partner-focused, working alongside our channel to ensure we succeed together. We provide the right platforms, products, and support to our business partners so that they may successfully deliver sophisticated solutions for their customers. We recognize that we greatly extend our reach and influence by cultivating channel partner relationships both inside and outside of *Hexagon* (*http://www.hexagon.com*).

TEAM. As an employer, we recognize that the success of our business is the result of our highly motivated and collaborative staff. At Hexagon Geospatial, we celebrate a diverse set of people and talents, and we respect people for who they are and the wealth of knowledge they bring to the table. We retain talent by fostering individual development and ensuring frequent opportunities to learn and grow.

HEXAGON. Hexagon's solutions integrate sensors, software, domain knowledge and customer workflows into intelligent information ecosystems that deliver actionable information. They are used in a broad range of vital industries.

Hexagon (Nasdaq Stockholm: HEXA B) has more than 16,000 employees in 46 countries and net sales of approximately 3.4bn USD. Learn more at *hexagon.com* (*http://www.hexagon.com*) and follow us @HexagonAB.
