¹ Operating System footnotes:
ISAE Ext Does not run on 32 bit systems

All later service packs for the operating system are considered supported unless otherwise noted. Refer to the support website for specific notices.

² Database Engine footnotes:

No database engine is required

³ Internet Browser Footnotes:

No Internet browser is required

⁴ Virtualization Footnotes:

All later service packs for the virtualization tools are considered supported unless otherwise noted. Refer to the support website for specific notices.

⁵ Intergraph Applications Footnotes:

All later service packs for the Intergraph applications are considered supported unless otherwise noted. Refer to the support website for specific notices.

⁶ Third Party Application Footnotes

⁷ System Dependencies footnotes:

All later service packs for the system dependencies are considered supported unless otherwise noted. Refer to the support website for specific notices.

Key:
X = Software is supported on this version
R = Required
O = Optional
U = User must install
A = Automatically installed by Setup, if not found
